Hey Chris,

Dan Burgo is in Durango and ready to take my place as the national ER DATA Team's liaison to this response.

I am very disappointed that I could not get it done (especially since it is my own Region) but he knows his number 1 priority as approved by David Ostrander is to work the process that will turn on the public data viewer for this response.

He will also be coordinating the DATA Team's activities across all three IMTs.

Feel free to call on me if you need anything. I am confident Dan will succeed, he has an outstanding support team behind him.

M
